

## **Sample Thank You Letter 2**

It's finally over! After weeks of training, lots of complaining and a few minor injuries, I biked with Chai Cyclists as part of Chicago's Bike the Drive.

I appreciate both your generous contribution and your much-needed encouragement. Your donation goes directly to help Chai Lifeline provide seriously ill children in our area with the crucial social, emotional, psychological and financial support that enables them to weather the crises, treatment, recuperation and long-term impact of life-threatening or lifelong pediatric illness.

Thank you again for your contribution and encouragement. Your kindness and support helped me to the finish line.

Warmest regards,
